

INTRODUCTORY MEMBERSHIP - 2020

Welcome to the new Olympic Class – **iQFOiL**

One of the many objectives of the IWA in this formative stage of the development of the **iQFOiL** Class is to establish its membership base.

We enter the next Olympic Quadrennial in 2021, meantime we need to enter into a rapport with those approved in each nation to represent the next Olympic Class.

To establish this database of members we are engaging with the current IWA membership and, with the help of the RSX Class, the current Olympic Class membership.

The policy, in-line with the proposed Class Constitution and Class Rules, is to align with properly constituted National Class Associations (NCA), that are also approved by their World Sailing Member National Authority (MNA).

In the absence of a NCA the membership rights maybe be assigned to a MNA.

The IWA expects to organise meetings of members during 2020, and will finalise plans for a General Meeting as soon as possible.

A calendar of events is being prepared for 2020, with a full Class Championship calendar in place for 2021.

If you believe you represent the correct organisation in respect of **iQFOiL** membership, and have not been contacted directly, please email – info@iqfoilclass.org
